SPRING 2023

Moera Community Garden Turns 15!

Our community garden beside the Moera Community Hall turns 15 in September.

It was started by some keen locals to learn to grow kai with their community. The māra has had its ups and downs as people come and go, but we are very grateful that it is still here, offering a space for people to enjoy, garden and harvest. All are welcome. We usually have silverbeet and parsley available and as spring starts to warm up, we will have more cabbage, broccoli, and cauliflower ready.

We have a compost which is full up at the moment, but in the future, we may have space for vege scraps. We are always keen to have bags of dry leaves and twigs to add.

We meet from 10.30-12.30 on the first and third Saturday of the month. If you have any questions phone Michelle on 021 0574615.

Te Korero O Te Kereru O Moera.

(The Kereru is a pigeon from Moera that is talking about things in Moera)

What a great Matariki celebration we had at the Moera Community Centre Hall in collaboration with our local Marae Te Kakano. About 150 people attended, a great turn out. A big shout out to Cameron Kapua Morrell (number 1 MC), Rahera Davies (our guest speaker on Matariki) and her kapa haka group for their performance. A big thank you also to our Pot Luck group for their koha of kai for the occasion, and to all those that set up and cleaned up after everything was over.

Our shop owners in the area have a hard enough time running their businesses without having to deal with beggars on our streets, and so do those who shop in Moera. These beggars sometimes make a lot of noise and act disrespectfully. If this happens, it's a good idea to let the police know. Remember, we don't have to tolerate their behaviour, and if it bothers us, we can ask the police for help.

On a more positive note, our next event will be the Koanga Ahurei (Spring Festival). Every culture celebrates spring in one way or another, and we have a very diverse number of cultures in our area. If you want to be part of the Koanga Ahurei to perform or share something of your culture, register your interest with Christine on 022 6701058. Come and share your culture and kai with us all on 30 September. We will put out flyers closer to the date, so no one forgets. Finally, the roadworks on Randwick Road Works is coming to an end and everyone down that area should be glad that traffic will be back to normal hopefully. Well done Hutt City and Wellington Water for the wastewater upgrade.

The last thing I would like to korero about is people who access food from the Marae. It is not for people to fill up bags and bags of kai and run. It is for people in need. When our gates are closed at night, it means do not enter and it does not give people the right to unlock our gates and help themselves to things other than food. Our cameras pick up a lot at night. Please respect the Marae and Kapata Kai.

On that note a very big thank you to all people in Moera who donate food for our Kapata Kai (Food Cupboard). It is very much appreciated.
